Re: Confirmed case of COVID-19
[Presentation Secondary School, Milltown]**

A confirmed case of COVID-19 in your child's school has been notified to the Department of Public Health HSE-South.

A public health risk assessment has been undertaken. The parents of any children who have been identified to be close contacts of the confirmed case are being contacted and advised accordingly.

If your child has not been identified as a close contact at this time, your child does not need a test for Covid-19, they can continue to attend school, and no further actions are required at this time.

If your child develops any symptoms suggestive of Covid-19 infection (such as a cough, a fever, loss or change in sense of taste or smell):

- Your child should stay at home and
- You should phone your GP for further advice

The Department of Public Health HSE-South is monitoring the school situation.

Further information on COVID-19 is available at: www.hpsc.ie and www.gov.ie
